To Whom it May Concern

**RE: ORDERS FOR NON-ESSENTIAL BUSINESSES IN ONTARIO TO CLOSE TO  
LIMIT THE SPREAD OF COVID-19 VIRUS.**

Terrafix Environmental Technology Inc. (TET) conducts business on various construction sites throughout Ontario and is an installer of geosynthetic products including but not limited to geomembranes and geosynthetic clay liners (GCL's) for environmental containment. Types of construction projects requiring geosynthetic products include but are not limited to;

18. The operation, maintenance and safety of transportation systems (road, transit, rail, air and marine) including delivery of maintenance services such as clearing snow, response to collisions, and completing needed repairs to the transportation systems.
27. Projects and services required to ensure safe and reliable operations of critical provincial infrastructure, including transit, transportation, energy and justice sectors beyond the day-to-day maintenance.
28. Construction work and services, including demolition services, in the industrial, commercial, institutional and residential sectors.
29. Construction work and services that supports health and safety environmental rehabilitation projects.
35. b. Mineral exploration and development.
41. Projects that support the provision of utilities and community services, including by providing products, materials and services needed for the delivery of utilities and community services.
  - a. Waste Collection, Waste/ Sewage Treatment and Disposal, operation of landfills, and Hazardous Waste Disposal.
  - c. Electricity Generation, transmission, distribution and storage.
  - d. Natural Gas distribution, transmission and storage.
  - e. Road construction and maintenance.
42. Projects supporting the operation, maintenance and repair of critical infrastructure (railways, dams, bridges, highways, erosion control structures, etc.)

Therefore, TET is defined as an ***Essential Workplace*** as defined by the current Ontario provincial guidelines and will continue operations.

Meanwhile, TET has taken extraordinary steps to minimize the risk of COVID-19 exposure to our employees, customers and the public at large. These steps are clearly defined by modifications to our industry best practice Health and Safety Policy and Manual.

Please do not hesitate to contact me should you have any questions or concerns.

Yours truly,

Terrafix Environmental Technology Inc.
