

Montréal - Workshop on Barrier Systems

February 28, 2019

Featured Speaker: Dr. R. Kerry Rowe – Queen's University

Location: Montréal

Designing & Constructing Lining Systems

Environmental Engineering

Designing and constructing a lining system is continuously changing and can be a challenging task to implement. This workshop sponsored by Terrafox Geosynthetics will benefit engineering consultants, designers, and owners to review current lining technology and to develop solutions to design and construction challenges. The workshop will deal with the design of "barrier systems" which separate waste from the surrounding environment and which are intended to prevent contamination of both groundwater and surface waters. The key speaker will discuss all key aspects of the design of barrier systems, including leachate collection, natural barrier such as clayey aquitards, clay liners, geosynthetic clay liners, geomembranes and composite liners, providing state-of-the-art work of reference of great value to engineers and environmentalists alike.

The presentation will include an update on an extensive site research being done at Queen's University.

Speakers: Dr. Kerry Rowe / Queen's University / Barriers Systems / Designing with GCLs & HDPE 8am-1230pm

Featured Speaker: Dr. R. Kerry Rowe, FREng, FRSC, FCAE, P.Eng.

Dr. Rowe has been the author of more than 500 publications and has extensive research and consulting experience in geosynthetics and geoenvironmental engineering. His research has involved evaluation of geosynthetics (geotextile, geomembrane, and geosynthetic clay liners) for many barrier applications including covers and liners for landfills, containment spills, lagoons, and most recently mining applications. Dr. Rowe is a past-president of the Canadian Geotechnical Society, the Engineering Institute of Canada, and the International Geosynthetics Society.

Date: February 28th, 2019
Time: Registration & Continental Breakfast 7:30am-8:00am
Workshop: 8:00am to 1230pm (lunch to follow).
Cost: \$40.00

Where: Hotel Ruby Foo's
7655, boul. Décarie,
Montréal, QC H4P 2H2
(Station Namur via Métro).

RSVP: by February 15th, 2019.
email or fax: bherlin@terrafoxgeo.com / 416.674.1159
Phone: 416.674.0363 / 416.949.2025 cell
Mail: Terrafox 455 Horner Ave., Etobicoke, ON

LIMITED SPACE AVAILABLE
Classroom style seating - Limited seating.
Registration closed once full capacity reached.

Registration Form for Designing & Constructing Lining Systems – February 28, 2019
Registration Fee: \$40.00 per seat - Registration deadline is prior to February 15th and/or sell out.

Name: _____

Title: _____

Organization or Company: _____

Address: _____

City: _____

Phone: _____

Email: _____

Visa or MC accepted.

Please return registration form with fee to: Terrafox 455 Horner Ave., Etobicoke, ON

Please make cheque attention to the sponsor of the workshop: Terrafox. Visa or Master Card also accepted.

Please note: Presentation by key speaker to be in English.
